“North Caucasian Federal Scientific Center of
Horticulture, Viticulture, Wine-making”

INTERNATIONAL SCIENTIFIC CONFERENCE
«BIOLOGIZATION OF THE INTENSIFICATION PROCESSES
IN HORTICULTURE AND VITICULTURE»

THE FIRST INFORMATION MESSAGE

Dear colleagues!

We invite you to participate in the work of the international scientific conference “Biologization of the intensification processes in horticulture and viticulture”. The conference will take place within the forum “ Biologization of the intensification processes in horticulture and viticulture”. The conference will be held from 21 to 23 of September 2021 on the territory of the North Caucasian Federal Scientific Centre of Horticulture, Viticulture, Winemaking, Russia, Krasnodar, 40-letiya Pobedy str., 39.

The issues under consideration of the conference:

- Biotechnologies in the organization of the processes of improvement and reproduction of horticultural crops and grapes;
- Management of production processes of perennial crops plants based on biotechnologies;
- Biologization of methods of soil fertility reproduction and nutrition optimization in plantings of horticultural crops and grapes;
- Biologized technologies of plant protection for optimization of the phytosanitary and production potential of perennial agrocenoses;
- Biotechnologies of storage and processing of horticulture and viticulture products, quality management and food safety.

The basic format of the conference events – plenary and breakout sessions with the organization of remote oral presentations on the Zoom platform, poster presentations of young scientists online.

In the frame work of conference will be the session of the Scientific coordination council of “the North Caucasus federal scientific center’s Program of breeding fruit and berry, nut-fruited crops, ornamental flower plants and grape growing for the period to 2030”.

There are two options for publishing the conference materials: in the peer-reviewed periodical **"Scientific works of the NCFCHVW"**, included in the international information database DOI and the Russian citation system RSCI, or in the collection of scientific papers **Web of Conferences** (France), indexed in the scientometric databases CPCI (Web of Science), CNKI and Google Scholar.

Participation in the online conference and submission of articles to the collection "**Scientific works of the NCFSCHVW**" is FREE of charge. Please send us materials of presentations by 1 of June 2021, which will be published in peer-reviewed periodical journal. Requirements for the article are posted on the site at the link:

https://kubansad.ru/media/uploads/files/forum/2020/requirements_for_rsci_registration_vers_2.pdf

Requirements and the cost of publication in the **Web of Conferences** proceedings will be sent later.

Please send us materials of the presentations (articles) on kubansad@kubannet.ru with a note "Forum". The title of the file should begin with the name of the first author and title of the chosen proceedings: "publication in the "Scientific papers of NCFSCHVW" or "publication in the Web of Conference" proceedings.

The conference languages are Russian and English. The start of electronic registration of conference participants will be announced later.

Editorial board would reserve the right modify texts and reject articles, which do not match the subject of the conference or if they are incorrectly designed.
